Come on a journey into the wonderful and weird world of parasites!

Answer all of the questions to get a *Parasites: Life Undercover* sticker and go into a draw to win a family Museum Membership, or 12 extra months on your existing Membership.

Hint: If you get stuck on a question, look for the *Parasites path* stickers to help you!

1. Why is it important to worm your dog?

2. What is the name of the parasite that makes fish swim upside down?

3. How do cats get cucumber tapeworm?

4. How do head lice make us so itchy?

5. What kind of worm is used for human worm therapy?
