

WHO'S THE CHAMPION?

Self-guided trail

Look at the animals in the Museum (Levels G and 2).

Which animal would be the champion in a competition for:

- Climbing the highest
- Swimming the fastest
- Eating the most
- Being the strongest
- Being the best pet
- Moving the slowest
- Digging the deepest

Why do you think that? How else could you describe these animals?

Which of these animals have feathers?
Do any have scales? Where would we find an animal with claws?

Which animals would be the champion at:

- Hide and seek
- Monkey bars
- Making a big splash in the swimming pool
- Singing
- Dancing
- Skipping

Why?

Do any of these animals have fur? Maybe some flippers? Which ones have wings?
What about a tail, how many can you find?
